

**NATIONAL CENTER FOR DISABILITY EDUCATION & TRAINING  
COURSES ON CD-ROM**

---

**ROADMAPS TO REHABILITATION  
FOR PEOPLE WITH BRAIN INJURY**

Roadmaps to Rehabilitation explains the basics of brain anatomy and function, the mechanisms of brain injury, how the injury leaves its mark, or signature, and how each person's brain injury signature impacts their ability to work. Cast members offer suggestions about Supported Employment techniques that work, based upon their own experiences and results of a 3-year National Supported Employment Demonstration Grant. ASTD Award for Excellence.

*(Retail: \$10)*
